Introduction

Are you a bit tired of visiting museums, chateaux and other traditional tourist attractions? Are you looking for something new, out of the ordinary? Do you want to try out new experiences, open up new horizons, boost your adrenaline levels, or just relax and let yourself be pampered? If the answer to any of these questions is yes, then our range of unforgettable themed packages will help you experience the city of Ostrava in a new way. A City of Ostrava Themed Package is an ideal gift for someone close to you. With our packages, your dreams can come true...

Where can you buy City of Ostrava Themed Packages?

You can buy our packages on the internet at www.ostrava.cz or www.ostravainfo.cz and they will soon be available at a network of selected hotels, information centres and travel agencies. Later this network will be expanded to take in a range of other licensed sales points. When you buy a package, you will get an experience voucher giving you all the necessary information about how to experience your package.

How can you buy City of Ostrava Themed Packages?

You can buy our packages in two versions: 'open' or 'reserved'. If you buy an open package, you must reserve the experience in advance at the Wallachian Kingdom Information Centre, by phone on +420 571 655 196 or +420 774 668 011, or by e-mailing balickyzazitku@valasske-kralovstvi.cz. Unless stated otherwise on the coupon, the expiry data is one year after purchase.

How to experience your Themed Package?

When you reserve and pay for your package, you will be given all necessary information on how to actually use it, especially the precise date and time.

Tourist sights in Ostrava

Ostrava is the third largest city in the Czech Republic, with around 310,000 inhabitants. The city is located on the Ostravice river in the north-east of the country and lies at the heart of the Moravian-Silesian Region, near the Slovak and Polish borders, with easy access and beautiful views of the Beskydy mountains.

Ostrava, with its wide range of leisure activities and shopping, is a colourful city pulsating with life, which long ago lost its traditional industrial character. Many visitors mistakenly associate Ostrava with coal-mining, although the last coal was mined back in 1994. Since that time, the city has seen many and varied changes. Ostrava has grown into a beautiful place, and is a constant source of surprises. The former collieries now house museums and galleries, and the former steelworks and blast furnaces are awaiting similar use. The city's industrial heritage has brought a wealth of wonderful architecture that is well worth viewing. As well as technical sights, Ostrava also offers a range of cultural and historical attractions which will make your visit a truly unforgettable experience.

A PUPPET THEATRE

The Ostrava Puppet Theatre has a varied repertoire of productions to satisfy a wide spectrum of audiences, from the smallest children to their parents. Since 1995 the theatre has hosted the international Spectaculo Interesse festival every odd-numbered year, and in even-numbered years visitors can enjoy the Barrier-Free Theatrical Fair.

B LOWER VÍTKOVICE AREA - HLUBINA COLLIERY, BLAST FURNACES, VÍTKOVICE COKING PLANT - NATIONAL CULTURAL HERITAGE SITE

A unique industrial heritage site dating from the first half of the 19th century. A puddle furnace from 1828 originally stood on the site, and was the first of its type in the Austro-Hungarian monarchy, founded by Archbishop Rudolf. The blast furnace dates from 1836, and the Hlubina coal mine was opened in 1843. The entire technological flow - from coal mining through coke production to pig-iron production - was concentrated on the same site, making the complex unique in the Czech Republic. The Lower Vítkovice area has applied for listing as a UNESCO world heritage site.

C MICHAL MINE NATIONAL CULTURAL HERITAGE SITE

The Michal coal mine is an exceptionally valuable former industrial site both in technical and architectural terms. The tour route leads visitors along the same path taken by miners walking to the coal face at the start of their shift. The exhibition operates according to the 'last working day' principle, with everything left as it was after the last ever shift.

📍 OKD MINING MUSEUM

The largest mining museum in the Czech Republic is situated at Landek hill, a site of worldwide significance for geology, archeology, history, natural history and mining. The individual exhibitions at the museum map the development of coal mining in the Ostrava-Karviná coal basin, as well as charting the development of mining machinery and rescue equipment. The museum houses the largest collection of mining rescue equipment in the world, and gives visitors a fascinating insight into the life and work of coal miners. The tour also includes a short trip underground in the mineshaft lift.

📍 ODRA BASIN PROTECTED LANDSCAPE AREA

The protected area covers 8,150 hectares including water-meadows and woodlands with Carpathian features. The area stretches along the meandering Odra river, and its northern part borders on the city of Ostrava. The wetlands offer a haven for many protected species of plants and animals, and contain the largest continuous expanse of water-meadows in the Czech Republic.

General terms and conditions

These General Terms and Conditions apply to all services provided by the VALAŠSKÉ KRÁLOVSTVÍ s. r. o. (Wallachian Kingdom) travel agency, hereafter also "VK s. r. o.", and form an integral part of each City of Ostrava Themed Package.

I. Introduction

The VALAŠSKÉ KRÁLOVSTVÍ s. r. o. (Wallachian Kingdom) travel agency advertises and mediates the sale and purchase of selected events and activities via the City of Ostrava Themed Packages. The client can purchase City of Ostrava Themed Packages for him/herself or for a third party. The contractual relationship between VK s. r. o. and the client enters into force on payment of the listed price of a City of Ostrava Themed Package to VK s. r. o. By purchasing the Themed Package, the client confirms his/her consent with the General Terms and Conditions. Clients can purchase the City of Ostrava Themed Packages at www.ostrava.cz and www.ostravainfo.cz, and the Themed Packages will soon be available through a network of selected hotels, information centres, travel agencies, and later a range of other authorized points of sale. On purchasing a Themed Package, the client receives an experience voucher.

II. Protection of personal data

Personal data necessary for communication with the client is exclusively for internal use by VK s. r. o. By providing his/her personal data, the client confirms that he/she consents to receive information concerning planned activities, discounts, events etc., unless the client requests otherwise.

III. Subject of the contract of purchase

The subject of the contract of purchase is the City of Ostrava Themed Package specified in the client's order.

IV. Rights and responsibilities of the parties to the contract when ordering and supplying services

1. Order: By submitting a valid order, the client commits him/herself to consume the goods or services specified in the order.

2. Reservation: Reservations of the date and location of a particular activity must be agreed with VK s. r. o. by no later than the date listed on the experience voucher, unless otherwise agreed by mutual consent of both parties. If the client does not make a reservation by the date listed on the experience voucher, he/she loses the right to claim the selected service, and loses the right to compensation of any kind. By reserving the date and location of a particular activity, VK s. r. o. commits to provide to the client the relevant service in accordance with the agreed quality and to the agreed extent.

3. Claiming a service as part of a City of Ostrava Themed Package: The service will be provided to the bearer of the experience voucher.

4. Responsibilities of clients: Clients take part in all activities exclusively at their own risk. The client him/herself must judge whether his/her state of health and physical condition allow him/her to undertake the selected activity safely. Information on restrictions applicable to selected services offered as City of Ostrava Themed Packages (e. g. age, state of health, physical condition, the necessity for a medical check-up) is provided as part of the accompanying information which forms an integral part of each City of Ostrava Themed Package. Several of the services are dependent on weather conditions. If an activity is cancelled due to unfavourable weather, the client who reserved the particular activity for that date/time has the right to re-schedule the service for a different date/time.

V. Prices and conditions of payment

Pricing policy: The parties to the contract agree on the purchase price of the City of Ostrava Themed Package as listed in the binding order. The sending of the experience voucher to the client is conditional upon the payment of the purchase price. The purchase price includes all costs associated with the provision of the service as listed in the City of Ostrava Themed Package.

VI. Cancellation of a contract of purchase

If a client cancels the contract of purchase less than 30 (thirty) days prior to the date on which the service is to be claimed, the cancellation fee totals 20 (twenty) percent of the purchase price of the City of Ostrava Themed Package.

If a client cancels the contract of purchase less than 10 (ten) days prior to the date on which the service is to be claimed, the cancellation fee totals 50 (fifty) percent of the purchase price of the City of Ostrava Themed Package.

The cancellation fee totals 100 (one hundred) percent of the purchase price of the City of Ostrava Themed Package in the following cases: if the client fails to produce a valid experience voucher; if the client fails to be present at the agreed date and at the location at which the service is to be provided; if the client cancels his/her participation on the day on which the service is to be provided or on the day prior to which the service is to be provided; if the client cancels the service of his/her own free will during the course of the service; if the client commits a gross breach of safety regulations; if the client is not fit to claim the services (due to unsuitable age, obvious health-related restrictions etc.).

If a City of Ostrava Themed Package is cancelled by the provider due to unsuitable weather conditions, technical reasons, or exceptional events, the provider will offer to the client a replacement City of Ostrava Themed Package or will refund the full purchase price to the client.

VII. Responsibilities of the parties to the contract

The client is bound:

- to produce all necessary documentation for the provision of the service (e. g. travel documents, insurance, confirmation of prior medical check-up, etc.); a list of the necessary documentation will be provided to the client no later than the time of ordering. VK s. r. o. bears no responsibility for any damages occurring as a result of the non-validity or incompleteness of the necessary documentation;
- to provide adult supervision for people under 15 (fifteen) years of age or for people who require such supervision as a result of their state of health;
- in cases of people under the age of 18 (eighteen) not accompanied by a legal guardian, to obtain consent from the legal guardian;
- to be present at the appropriate time and location of the service.

VK s. r. o. is bound to provide to the client, no later than the commencement of the service, all detailed information concerning all facts which are of relevance to the customer in relation to the service and which are known to VK s. r. o.

In the case of circumstances preventing the provision of the service according to the agreed conditions, VK s. r. o. has the right to implement the relevant changes to the service or to cancel the service; notification of changes to the service or cancellation of the service will be given without undue delay.

VIII. Complaints and refunds

VK s. r. o. is bound to provide the service as specified in the City of Ostrava Themed Package to the client in accordance with this General Terms and Conditions and with valid legal requirements.

Notification of complaints: Clients must notify VK s. r. o. of complaints in writing and without undue delay, within 5 (five) days at the latest after the provision of the service. VK s. r. o. is bound to inform the client of the company's response to the complaint within 30 (thirty) days at the latest after receipt of the client's written notification of complaint.

IX. Concluding provisions

1. If a client fails to fully claim a purchased service (activity) due to objective reasons over which VK s. r. o. has no influence, the client has no right to a reduction in the price of the service in question unless agreed otherwise.
2. The rights and responsibilities of the parties to the contract not explicitly stipulated in these General Terms and Conditions are governed by the legal regulations set out in the Civil Code of the Czech Republic.
3. These General Terms and Conditions are valid as of 1 June, 2006.
